1. Aims, scope and principles

This policy aims to set and maintain standards of conduct that we expect all staff to follow.

By creating this policy, we aim to ensure our school is an environment where everyone is safe, happy and treated with respect.

Many of the principles in this code of conduct are based on the [Teachers' Standards](#).

Broadmayne First School expects all pupils to receive high quality teaching and learning in a positive and respectful environment.

Employees at the school should understand that their own behaviour, and the manner in which they conduct themselves with their colleagues, pupils, parents and other stakeholders sets an example.

School staff have an influential position in the school, and will act as role models for pupils by consistently demonstrating high standards of behaviour.

We expect that all teachers will act in accordance with the personal and professional behaviours set out in the Teachers' Standards.

We expect all support staff, governors and volunteers to also act with personal and professional integrity, respecting the safety and wellbeing of others.

This policy forms part of a staff member's contract of employment and failure to comply with it, and with the associated school policies, may result in disciplinary action being taken, including legal action where this is warranted.

Please note that this code of conduct is not exhaustive. If situations arise that are not covered by this code, staff will use their professional judgement and act in the best interests of the school and its pupils.

This document applies to all staff members who are:

- employed by the school, including the headteacher and volunteers
- employed in units or bases that are attached to the school

2. Legislation and guidance

We are required to establish procedures for the regulation of staff conduct under regulation 7 of [The School Staffing \(England\) Regulations 2009](#).

In line with the statutory safeguarding guidance [Keeping Children Safe in Education](#), we should have a staff code of conduct, which should cover acceptable use of technologies (including the use of mobile devices), staff/pupil relationships and communications, including the use of social media.

3. General obligations

Staff set an example to pupils. They will:

- Maintain high standards in their attendance and punctuality
- Never use inappropriate or offensive language in school
- Treat pupils and others with dignity and respect
- Show tolerance and respect for the rights of others
- Not undermine fundamental British values, including democracy, the rule of law, individual liberty and mutual respect, and tolerance of those with different faiths and beliefs
- Express personal beliefs in a way that will not overly influence pupils, and will not exploit pupils' vulnerability or might lead them to break the law
- Understand the statutory frameworks they must act within
- Adhere to the Teachers' Standards

4. Safeguarding

Staff have a duty to safeguard pupils from harm, and to report any concerns they have. This includes physical, emotional and sexual abuse, and neglect.

Staff will familiarise themselves with our child protection and safeguarding policy and procedures, and the Prevent initiative, and ensure they are aware of the processes to follow if they have concerns about a child.

[Our child protection and safeguarding policy](#) and procedures are available in the staffroom, on the school shared drive and on the policies section of the school website: www.broadmayne.dorset.sch.uk New staff will also be given copies on arrival.

In accordance with the school's Child Protection Policy, staff members will be prepared to identify pupils who may be subject to, or at risk of, the following types of abuse or neglect:

- Physical abuse
- Emotional abuse

- Sexual abuse
- Neglect
- Peer-on-peer abuse
- Serious violence
- FGM
- Child sexual exploitation (CSE)
- Child criminal exploitation

In accordance with the school's Child Protection Policy, staff will also be aware that the following factors could increase a pupil's risk of being subject to safeguarding issues:

- Pupils who need a social worker (Child in Need and Child Protection Plans)
- Pupils requiring mental health support
- LAC and previously LAC
- Pupils with SEND

4.1 Allegations that may meet the harm threshold

This section applies to all cases in which it is alleged that anyone working in the school, including a supply teacher, volunteer or contractor, has:

- Behaved in a way that has harmed a child, or may have harmed a child, and/or
- Possibly committed a criminal offence against or related to a child, and/or
- Behaved towards a child or children in a way that indicates they may pose a risk of harm to children, and/or
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children – this includes behaviour taking place inside or outside of school

We will deal with any such allegation quickly and in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

A 'case manager' will lead any investigation. This will be the headteacher, or the chair of governors where the headteacher is the subject of the allegation.

4.2 Low-level concerns about members of staff

A low-level concern is a behaviour towards a child by a member of staff that does not meet the harms threshold, is inconsistent with the staff code of conduct, and may be as simple as causing a sense of unease or a 'nagging doubt'. For example, this may include:

- Being over-friendly with children

- Having favourites
- Taking photographs of children on a personal device
- Engaging in one-to-one activities where they can't easily be seen
- Humiliating pupils

Low-level concerns can include inappropriate conduct inside and outside of work.

All staff should share any low-level concerns they have using the reporting procedures set out in our child protection and safeguarding policy. We also encourage staff to self-refer if they find themselves in a situation that could be misinterpreted. If staff are not sure whether behaviour would be deemed a low-level concern, we encourage staff to report it.

All reports will be handled in a responsive, sensitive and proportionate way.

Unprofessional behaviour will be addressed, and the staff member supported to correct it, at an early stage.

This creates and embeds a culture of openness, trust and transparency in which our values and expected behaviour are constantly lived, monitored and reinforced by all staff, while minimising the risk of abuse.

Reporting and responding to low-level concerns is covered in more detail in our [Safeguarding and Child Protection Policy](#)

4.3 Whistle-blowing

Whistle-blowing reports wrongdoing that it is "in the public interest" to report. Examples linked to safeguarding include:

- Pupils' or staff's health and safety being put in danger
- Failure to comply with a legal obligation or statutory requirement
- Attempts to cover up the above, or any other wrongdoing in the public interest

Staff are encouraged to report suspected wrongdoing as soon as possible. Their concerns will be taken seriously and investigated, and their confidentiality will be respected.

Staff should consider the examples above when deciding whether their concern is of a whistle-blowing nature. Consider whether the incident(s) was illegal, breached statutory or school procedures, put people in danger or was an attempt to cover any such activity up.

Staff should report their concern to the headteacher. If the concern is about the headteacher, or it is believed they may be involved in the wrongdoing in some way, the staff member should report their concern to the chair of governors.

Concerns should be made in writing wherever possible. They should include names of those committing wrongdoing, dates, places and as much evidence and context as possible. Staff raising a concern should also include details of any personal interest in the matter. For our school's detailed whistle-blowing process, please refer to: [Whistleblowing Policy](#)

5. Physical contact with pupils

The school understands that there are circumstances in which it is entirely necessary for staff to have physical contact with pupils, eg when applying first aid or assisting with intimate care, but staff will only do so in a professional manner in line with relevant school policies.

When physical contact is made with a child, it is imperative that it is conducted in a way which is responsive to the pupil's needs, is of limited duration and is appropriate to their age, stage of development, gender, ethnicity and background.

Staff will seek the pupil's permission, where possible, before initiating contact.

Staff will always use their professional judgement when determining what physical contact is appropriate, as this may differ between pupils.

Staff will never touch a pupil in a way which is indecent or aggressive, and will always be prepared to explain their actions.

Staff will not engage in rough play, tickling or play fights with pupils.

Extra caution will be taken where it is known that a pupil has previously suffered for abuse or neglect.

Physical contact will never be secretive; if a member of staff believes an action could be misinterpreted, this must be reported to the headteacher.

In PE, if a pupil is required to help demonstrate the use of equipment, their consent will be given before doing so.

If a child is in distress or in need of comfort or reassurance, staff may use age-appropriate physical contact. Staff will ensure their contact is not threatening, intrusive or subject to misinterpretation.

Staff may also use reasonable force as a means of physical contact with pupils for restraint purposes.

6. Transporting pupils

When it is necessary to transport pupils off-site, staff will ensure that the transport arrangements of the vehicle meet all legal requirements, they have an appropriate licence and the vehicle is road worthy, has a valid MOT certificate and is insured.

Staff will gain consent from parents before transporting pupils and will be aware that the welfare of all pupils in the vehicle is their responsibility.

Two or more staff will be present in the vehicle to avoid any discrepancy regarding safeguarding concerns.

7. Staff/pupil relationships

Staff will observe proper boundaries with pupils that are appropriate to their professional position. They will act in a fair and transparent way that would not lead anyone to reasonably assume they are not doing so.

If staff members and pupils must spend time on a one-to-one basis, staff will ensure that:

- This takes place in a public place that others can access
- Others can see in to the room
- A colleague or line manager knows this is taking place

Staff should avoid contact with pupils outside of school hours if possible.

Personal contact details should not be exchanged between staff and pupils. This includes social media profiles.

While we are aware many pupils and their parents may wish to give gifts to staff, for example, at the end of the school year, gifts from staff to pupils are not acceptable, except for low value, whole class gifts that are given to all at significant times, such as Christmas or the end of the academic year.

If a staff member is concerned at any point that an interaction between themselves and a pupil may be misinterpreted, or if a staff member is concerned at any point about a fellow staff member and a pupil, this should be reported in line with the procedures set out in our child protection and safeguarding policy.

8. Staff with Children Attending the School

Staff members who have their own children enrolled in the school must maintain a clear distinction between their roles as a parent and an employee. It is essential that staff members avoid any potential conflicts of interest or perceptions of favouritism. They should refrain from participating in decisions or actions that directly affect their child, including academic assessments, disciplinary matters, and special accommodations. Staff members are encouraged to foster an

environment of fairness and objectivity, ensuring that all students, including their own children, are treated equally and impartially.

9. Communication and social media

School staff's social media profiles should not be available to pupils. If they have a personal profile on social media sites, it is good practice not to use their full name, as pupils may be able to find them. Staff should consider using a first and middle name instead, and set public profiles to private.

Staff should not attempt to contact pupils or their parents via social media, or any other means outside school, in order to develop any sort of relationship. They will not make any efforts to find pupils' or parents' social media profiles.

Staff will ensure that they do not post any images online that identify children who are pupils at the school without their consent.

Staff will not engage in inappropriate use of social network sites which may bring themselves, the school, school community or employer into disrepute.

The school understands that some staff members are also parents of pupils at the school, and, therefore, may wish to contact other parents. When doing so, staff will exercise their professional judgement and will not contact family members on social media if this would lead to a conflict of interest. This also applies to members of staff who have friends within the parents of the school.

Staff should be aware of the school's e-safety policy, mobile technology policy, acceptable use policy, and social media policy.

10. Acceptable use of technology

Staff will not use technology in school to view material that is illegal, inappropriate or likely to be deemed offensive. This includes, but is not limited to, sending obscene emails, gambling and viewing pornography or other inappropriate content.

Staff will not use personal mobile phones and laptops, or school equipment for personal use, in school hours apart from in the staff room or office at lunchtimes, and never in front of children. They will also not use personal mobile phones or cameras to take pictures of pupils.

We have the right to monitor emails and internet use on the school IT system.

11. Confidentiality

In the course of their role, members of staff are often privy to sensitive and confidential information about the school, staff, pupils and their parents.

This information will never be:

- Disclosed to anyone unless required by law or with consent from the relevant party or parties
- Used to humiliate, embarrass or blackmail others
- Used for a purpose other than what it was collected and intended for

In addition to this, staff and volunteers will not discuss pupils or other information about the school outside of the school, and within school only on a 'need to know' basis.

This does not overrule staff's duty to report child protection concerns to the appropriate channel where staff believe a child has been harmed or is at risk of harm, as detailed further in our child protection and safeguarding policy

12. Honesty and integrity

Staff should maintain high standards of honesty and integrity in their role. This includes when dealing with pupils, handling money, claiming expenses and using school property and facilities.

Staff will not accept bribes. Gifts that are worth more than £20 must be declared.

Staff will ensure that all information given to the school is correct. This should include:

- Background information (including any past or current investigations/cautions related to conduct outside of school)
- Qualifications
- Professional experience

Where there are any updates to the information provided to the school, the member of staff will advise the school as such as soon as reasonably practicable. Consideration will then be given to the nature and circumstances of the matter and whether this may have an impact on the member of staff's employment.

13. Attendance

The school expects that staff members will:

- attend work in accordance with their contract of employment and associated terms and conditions in relation to hours, days of work and holidays
- make routine medical and dental appointments outside of their working hours or during holidays where possible
- refer to the school's Leave of Absence Policy if they need time off for any reason other than personal illness

15. Health and Safety

Staff members will:

- be familiar with and adhere to the school's Health and Safety Policy and ensure that they take every action to keep themselves and everyone in the school environment safe and well.
- comply with health and safety regulations and use any safety equipment and protective clothing which is supplied to them, including PPE during infection outbreaks, including covid-19
- comply with hygiene requirements, including those during the Covid-19 response
- comply with accident reporting requirements
- inform the headteacher of any paid work which is undertaken elsewhere, for compliance with the Working Time Regulation 1998 (as amended)

16. Dress code

Staff will dress in a professional, appropriate manner.

Outfits will not be overly revealing, and we ask that staff do not display neck or facial tattoos.

Clothes will not display any offensive or political slogans.

Dress should be suitable to work with young children.

17. Conduct outside of work

Staff will not act in a way that would bring the school, or the teaching profession, into disrepute. This covers conduct including but not limited to relevant criminal offences, such as violence or sexual misconduct, as well as negative comments about the school on social media.

Staff may undertake work outside school, either paid or voluntary, provided that it does not conflict with the interests of the school. The nature of the work cannot be seen to bring the school into disrepute, nor be at a level which may contravene the working time regulations or affect an individual's work performance.

17. Smoking, alcohol and other substances

Staff will not smoke or vape whilst working with or supervising pupils off-site, such as when on educational visits and trips.

The taking of illegal drugs or alcohol during working hours will not be tolerated. Staff members must never attend work under the influence of alcohol or illegal drugs.

If alcohol or drug usage impacts on a staff member's performance, the school has the right to discuss the matter with the employee and take appropriate action in accordance with the school's disciplinary procedures, including referral to the police.

18. Monitoring arrangements

This policy will be reviewed annually, but can be revised as needed. It will be approved by the full governing board.

Our governing board will ensure this code of conduct is implemented effectively, and will ensure appropriate action is taken in a timely manner to safeguard children and deal with any concerns.
