# YEAR 4 KNOWLEDGE ORGANISER

# Autumn 2

PE Football

**Our goal Keep possession, create chances to score and work together to stop attacks.**

## 1 Pass and receive

Check your teammate is ready. Face your hips towards your target.

Pass accurately with your foot and follow through towards your teammate.

Control the ball as it reaches you.

After passing, move into a new space.

## 2 Create space

Move to the side of a defender so your teammate has a clear passing option.

React quickly and move at an angle.

Agree a simple team tactic. Make sure everyone knows where to move.

Communicate and encourage each other.

## 3 Build an attack

Pass and move towards the target.

Offer a pass and include everyone.

Get close enough for a good shot.

Too far away? Pass to a teammate.

## 4 Aim and shoot

Face your body towards the target.

Choose when to pass and when to shoot.

Pass into space. Shoot from a good position.

Missed? Adjust your aim and try again.

## 5 Defend together

React as soon as your team loses the ball.

Agree which attacker to mark.

Follow your attacker. Stay between them and the ball.

Intercept passes and follow the rules.

## 6 Switch roles and reflect

**Our ball = attack.** Find space, pass and create a shot.

**Their ball = defend.** React and mark an attacker.

Play fairly and keep working hard.

Share a strength and one way to improve.

## Words to know

**Possession** - your team has control of the ball.

**Tactic** - a plan to help your team succeed.

**Intercept** - stop an opponent’s pass before it reaches their teammate.

**Pressure** - making it harder for the other team to pass or shoot.

## Can you explain it

Why should you move after passing?

When is a pass better than a shot?

What changes when possession changes?

Based on our Year 4 football maintaining possession and stopping an attack unit
